Such extension shall be final and binding on all parties to the contract.

It is mutually agreed that time is of the essence of this Contract and delay in completion of the project herein will result in damages to the public; now therefore, it is hereby stipulated that upon failure of the Contractor to complete said project within the time limits specified in his bid, Contractor will pay to Owner liquidated damages as indicated in the following schedule for each and every day that may elapse after the completion date. XXII. OWNER'S RIGHT TO DO WORK OR SUSPEND WORK

The Owner reserves the right to furnish, at any time, such materials and labor, and to execute such work, in addition to the work of the contractor, as the owner may desire.

If the contractor shall fail to perform any provision of this contract, neglect to prosecute his work properly, or refuse to rectify deficiencies or defects the Owner (after ten days written notice to the Contractor) may do such work necessary and deduct the cost thereof from payments due the Contractor, provided, however, that the Trustees shall approve both such action and the amount to be deducted for the cost thereof.

The Trustees may suspend the work of the contractor in whole or in part for a length of time specified.

The Contractor may be compensated for such time of suspension at actual cost not including profits. Costs for machinery or equipment which is idle shall only include those pieces of equipment actually located on the project site. If owned by the Contractor, the rate of compensation shall be at fifty percent (50%) of the reasonable rental rate.

The date for completion shall be extended the number of days of delay the suspension is in force. The Contractor shall start or resume his work when so notified by the Owner or the Trustees.

XXIII. OWNER'S RIGHT TO TERMINATE CONTRACT

If the Contractor shall disregard written instructions of the Trustees, or otherwise violate the provisions of the contract, and his bondsman, after fifteen (15) days written notice to the Contractor may terminate the employment of the Contractor and take full possession of the premises and all tools, materials, and equipment and complete the work in any manner deemed expedient. No further payments shall be made to the contractor until such work is fully completed and costs determined. Cost of such completion shall be paid for from monies due the contractor, or if insufficient he shall pay the difference to the Owner. Expenses and damages incurred through the

contractor's default shall be certified by the Trustees, and amounts so certified shall be binding upon all parties to the contract.

XXIV. NO WAIVER OR RIGHTS

Neither the inspection of the Trustees or Hopewell Township Trustees or any of their employees, nor any order, measurement or certificate by the Trustees or Hopewell Township Trustees, nor any order by the Hopewell Township Trustees for the payment of money, nor any payment for, or acceptance of the whole or any part of the work by the Trustees or Hopewell Township Trustees, nor any extension of time, nor any possession taken by the Hopewell Township Trustees or its employees, shall operate as a waiver of any provision of the Contract, or of any power herein reserved to the Hopewell Township Trustees, or any right to damages herein provided, nor shall any waiver of any breach of this Contract be held to be a waiver of any other or subsequent breach. Any remedy provided in this Contract shall be taken and construed as cumulative; that is, in addition to each and every other remedy herein provided; and in addition to all other suits, actions or legal proceedings, the Hopewell Township Trustees shall also be entitled as of right to a writ of injunction against any breach of any of the provisions of the Contract.

MONTHLY ESTIMATES

Estimates for payment for materials delivered to the site and for work performed shall be submitted by the Contractor each thirty (30) days to the Trustees who shall have the sole right to determine the accuracy of the quantities to be accepted. Partial payments shall be made at the rate of ninety-two percent (92%) of the estimates approved by the Trustees. After the contract is fifty percent (50%) complete, all funds retained shall be deposited in escrow as designated in Section 153.63 of the Ohio Revised Code. All partial payments shall be made within thirty (30) days after approval of the Trustees.

Partial payments shall in no way be considered acceptance of any portion of the work. Materials delivered at the site shall immediately become the property of the Owner.

Upon receipt of partial payments by the Contractor, he shall immediately reimburse each sub-contractor and material supplier for the work covered by the estimate for which payment is made.

The Contractor shall submit waivers of lien, affidavits, receipts, or such other evidence of payment to sub-contractor, suppliers, and employees.

FINAL ACCEPTANCE/FINAL ESTIMATE

When notified by the contractor that the work is completed, the Trustees and the Contractor shall make a joint inspection of the project and note any items not completed in accordance with the contract as determined by the Trustees.

After reasonable time, they shall again inspect the project, if any items were found incomplete or unsatisfactory, and when all items are completed to the satisfaction of the Trustees, he shall issue a "Certificate of Completion" stating the date when the work was completed and accepted, which shall be the date for the beginning of the guarantee period, and authorization for the Owner to make final payment to the contractor, including amounts retained on partial payments during the period of construction.

In the event there are exceptions at the time of completion, such exceptions shall be properly noted on the "Certificate of Completion" and such payments covering them withheld until corrected.

Before the final payment is made, the Contractor must furnish an affidavit to the County that all bills for labor and materials have been paid; and an affidavit to the County stating that he has fully complied with Chapter 4115 of the Ohio Revised Code; and an affidavit to the County stating that he has fully complied with Sections 153.59 and 153.60 of the Ohio Revised Code and all Federal requirements regarding Civil Rights, OSHA, and the 1990 Americans with Disability Act. Compliance with Section XXVI Guarantee will be necessary prior to releasing the final payment.

XXVII. GUARANTEE

The Contractor shall guarantee his workmanship and materials for a period of two years in the

form of a separate Maintenance Bond from the date of acceptance by the Hopewell Township Trustees, and shall leave the work in perfect order at completion. Should defects develop within the guarantee period, upon written notice, the Contractor shall remedy the defects and reimburse the Owner for all damage to other work caused by the defects or by work of correcting them. The Maintenance Bond shall be in the original contract amount.

FINAL PAYMENT TO RELEASE THE TRUSTEES

The acceptance by the Contractor of the final payment shall be and shall operate as a release to the County of all claims and all liability to the Contractor for all things done or performed or relating to the work, and for every act and neglect of the Township and others relating to or arising out of the work, excepting only his claims, if any, for amounts withheld by the Township, upon final payment. No payment however, final or otherwise shall operate to release the Contractor nor his Sureties for any obligation upon or under this Contract or the Contractor's Bond.

PRICE ADJUSTMENTS

The Township does not make any pay adjustments for fluctuation in the price of any materials used for this project. The unit price the contractor bids will be the amount paid for that item for the entire project.

covenants within every subcontract or purchase order it executes in the performance of its contract unless exempted by rules, regulations or orders of the State Equal Employment Opportunity Coordinator issued pursuant to O.A.C. 123:2-3-02 so that these provisions will be binding upon each subcontractor or vendor. The contractor will take such actions as the Administering Agency may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in any litigation with a subcontractor, vendor or other party as a result of such direction by the State Administering Agency, the contractor may be requested to protect the interests of the State.

MINORITY MANPOWER UTILIZATION GOALS AND TIMETABLES

The following minority goals listed are expressed in terms of percentages of work hours for each trade to be used by the contractor in a designated area. Designated areas are defined as Ohio's Standard Metropolitan Statistical Areas (SMSA). They are: Akron, Cincinnati, Cleveland, Columbus, Dayton, Toledo and Youngstown-Warren. In cases where the project is not located in a designated area, the contractor may adopt minority utilization goals of the near/nearest designated area.

"APPENDIX B" OF THE STATE EEO BID CONDITIONS

SPECIFIC AFFIRMATIVE ACTION STEPS

The following Affirmative Action steps are directed at increasing minority utilization:

(1) The contractor should maintain a file of the names and addresses of each minority and female referred to it by any individual or organization and what action was taken with respect to each such referred individual, and if the individual was not employed by the contractor, and the reasons therefore. If such individual was sent to the union hiring hall for referral and not referred back by the union or if referred back by the union or if referred, not employed by the contractor, the file should document this and the reason therefore.

To Demonstrate Compliance: Maintain a file of the names, addresses, telephone numbers, and craft of each minority and female applicant showing (a) the date of contact and whether the person was hired; if not, the reason, (b) if the person was sent to a union for referral, and the results (c) follow-up contacts when the contractor was hiring.

(2) The contractor should promptly notify the State Contracting Agency when the Union or Unions with which the contractor has collective bargaining agreements does not refer to the contractor a minority or female worker referred (to the union) by the contractor, or when the contractor has information that the union referral process has impeded efforts to meet its goals.

To Demonstrate Compliance: Have a copy of letters sent, or do not claim the union is impeding the contractors' efforts to comply.

(3) The contractor should disseminate its Equal Employment Opportunity policy within its organization by including it in any company newsletters and annual reports; by advertising at reasonable intervals in union publications; by posting of the policy; by specific review of the policy with minority and female employees; and by conducting staff meetings to explain and discuss the policy.

To Demonstrate Compliance: Have a written EEO policy which includes the name and how to contact the contractor's EEO Officer and (a) include the policy in any company policy manuals, (b) post a copy of the Policy on all company bulletin boards (in the office and on all job sites), (c) records, such as reports or diaries, etc., that each minority and female employee is aware of the Policy and that it has been discussed with them, (d) that the policy has been discussed regularly at staff meetings and (3) copies of newsletters and annual reports which include the Policy.

(4) The contractor should continually monitor all personnel activities to ensure that its EEO policy is being carried out, including the evaluation of minority and female employees for promotional opportunities on a quarterly basis and the encouragement of such employees to seek those opportunities.

To Demonstrate Compliance: Have records that the company EEO Officer reviews all: (a) monthly workforce reports, (b) hiring and terminations, (c) training provided on-the-job, (d) minority and female employees quarterly for promotion and encourages them to prepare for and seek promotion. The records should be the EEO Officer's job description, reports, memos, personnel files, etc., documenting the activities for possible discriminatory patterns.

(5) The contractor should disseminate its EEO policy externally by informing and discussing it with all recruiting sources; by advertising it in news media, specifically including minority and female news media; and by notifying and discussing it with all subcontractors.

To Demonstrate Compliance: Have copies of (a) letters sent, at least six months or at the start of each new major contract, to all recruiting sources (including labor unions) requiring compliance with the Policy, (b) advertising, which has the EEO "tagline" on the bottom, and (c) purchase order and subcontract agreement forms will include or make reference to the State EEO Covenant, Appendix A or B of the Ohio Administrative Code 123:2-3-02.

(6) The contractor should make specific and reasonably recurrent oral and written recruitment efforts directed at minority and women's organizations, and training organizations with the contractor's recruitment area.

To Demonstrate Compliance: Have a record either in a follow-up file for each organization or on

the reverse of the notification letter sent under Item 1, above, of the dates, individuals contacted and the results of the contract from telephone calls or personal meetings with the individuals or groups notified under Item 1.

(7) The contractor, where reasonable, should develop on-the-job training opportunities and participate and assist in all Department of Labor funded and/or approved training programs (including Apprenticeship) Programs relevant to the contractor's employee needs consistent with its obligations in the Bid Conditions.

To Demonstrate Compliance: Have records of contributions in cash, equipment supplied and/or contractor personnel provided as instructors for Bureau of Apprenticeship and Training approved or Department of Labor funded training programs and records of the hiring and training of minorities and females referred to Company by such programs.

(8) The contractor should solicit bids for subcontracts (and joint ventures) from available minority and female subcontractors engaged in the trades covered by the Bid Conditions, including circulation of minority and female contractors associations.

To Demonstrate Compliance: Have copies of letters or other direct solicitation of bids for subcontracts/joint ventures from minority/female contractors with a record of the specific response and any follow-up the contractor has done to obtain a price quotation or to assist a minority/female contractor in preparing or reducing a price quotation; have a list of all minority/female subcontracts awarded or joint ventures participated in with dollar amounts, etc.

EXPLANATION OF AN ACCEPTABLE AFFIRMATIVE ACTION PROGRAM:

An Affirmative Action Program is a set of specific and result-oriented procedures to which a Contractor shall apply every good faith effort. The objective of those procedures and efforts is to assure equal employment opportunity. An acceptable Affirmative Action Program will include an analysis of all trades employed by the Contractor within the last year with an explanation of whether Minorities are currently being under utilized in any one or more trades. A necessary prerequisite to the development of a satisfactory Affirmative Action Program is the identification and analysis of problem areas inherent in Minority employment and an evaluation of opportunities for utilization of Minority group personnel.

Part I - Basic Contents of an Affirmative Action Program:

1. Development or reaffirmation of the contractor's EEO policy in all personnel actions.

62995456. Formal internal and external dissemination of contractor's EEO policy.

62995457. Establishment of responsibilities for implementation of the contractor's affirmative action program.

62995458. Identification of problem areas (deficiencies) by organizational units and job classification.

62995459. Establishment of goals and objectives by organizational units and job classification, including timetables for completion.

62995460. Development and execution of action oriented programs designed to eliminate problems and further designed to attain established goals and objectives.

62995461. Design and implementation of internal audit and reporting systems to measure effectiveness of the total programs.

62995462. Compliance of personnel policies and practices with Federal sex discrimination guidelines (41 CFR Part 60-20).

62995463. Active support of local and national community action programs and community service programs, designed to improve the employment opportunities of minorities.

62995464. Consideration of ethnic minorities and women not currently in the work force having requisite skills who can be recruited through affirmative action measures.

62995465. Summary data on applicant flow, hires, terminations and promotions, and training for the last twelve months or the last one hundred applicants, hires, etc., whichever is less.

Part II - Analysis of Individual Trades

1. The minority population of the labor area surrounding (contractor's) projects.
2. The size of the minority unemployment force in the labor area surrounding (the contractor's) projects.
3. The percentage of minority work force as compared with the total work force in the immediate labor area.
4. The general availability of minorities having requisite skills in the immediate labor area.
5. The availability of minorities having requisite skills in the area in which the contractor can reasonably recruit.
6. The availability of promotable minority employees within the contractor's organization.
7. The anticipated expansion, contraction, and turnover of an in the work force.
8. The existence of training institutions capable of training minorities in the requisite skills.
9. The degree of training which the contractor is reasonably able to undertake as a means of making all job classes available to minorities.

Goals, timetables and affirmative action commitments must be designed to correct any identifiable deficiencies. Where deficiencies exist and where numbers or percentages are relevant in developing corrective actions, the contractor shall establish and set forth specific goals and timetables. Such goals and timetables, with supporting data and the analysis thereof shall be a part of the contractor's written affirmative action program. Where the contractor has not established a goal, its written affirmative action program must specifically analyze each of the factors listed above, and must detail its reason for a lack of a goal. The goals and timetables should be attainable in terms of the contractor's analysis of its deficiencies and its entire action. Thus, in establishing its goals and timetables, the contractor should consider the results which could be reasonably expected from its good faith efforts to make its overall affirmative action program work. If the contractor does not meet its goals and timetables, the contractor's good faith efforts shall be judged as to whether the contractor is following its program and attempting to make the program work toward the attainment of its goals.

Support data for the above analysis and program shall be compiled and maintained as part of the contractor's affirmative action program. This data should include applicant flow data and applicant rejection ratios indicating minority status.

Compliance Status: No State Contractor's compliance status shall be judged alone by whether or not he reaches his goals and meets his timetables. Rather each Contractor's compliance posture shall be reviewed and determined by reviewing the contents of his program, the extent of his adherence to his program and his good faith effort to make his program work toward the realization of the program's goals within the timetables set for completion.

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:		Executive Order 14026 generally applies to the contract. The contractor must pay all covered workers at least \$17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2024.	
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:		Executive Order 13658 generally applies to the contract. The contractor must pay all covered workers at least \$12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024.	

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$17.20) or 13658 (\$12.90). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION"

"APPENDIX C" OF THE STATE EEO BID CONDITIONS

FEMALE UTILIZATION GOALS - GOVERNOR'S AMENDED EXECUTIVE ORDER 84-9"

Governor's Amended Executive Order 84-9 regarding women in the construction labor force, went into effect November 30, 1984. To be in compliance with this order, all contractors and all subcontractors must meet or exceed the goal of six and nine-tenths percent (6.9%) female utilization. This percentage of female utilization is expressed in terms of female hours of training and employment as a proportion of the total hours to be worked by the contractor's entire workforce in each craft or trade on all projects, both state and non-state, in the State of Ohio during the performance of its State-assisted contract.

No contractor's compliance shall be judged alone by whether or not goals and timetables are met. Rather, each contractor's compliance posture shall be reviewed and determined by examining the contents of the contractor's affirmative action plan or the contract compliance with the state's affirmative action plan and its good faith efforts to implement such program to meet the goals established.

Reporting shall be done by the contractor on Input Form 29, Ohio Construction Information Reporting System, and submitting it to the State Equal Employment Opportunity Coordinator. Further questions concerning this should be addressed to the State Equal Opportunity Coordinator, 77 South High Street, 24th Floor, Columbus, OH 43266-0408. Phone: (614) 466-8380.
